NEWS of WORLD MARKETS

UNITED STATES STEEL
CENTRAL STOCK FEATURE

New York, July 31.—United States Steel
was the central feature of today's stock
market, its initial transaction of 10,000
shares at 10.91081, representing an over-
night gain of virtually a point. Steel's
remarkable quarterly statement had a
beneficial effect on the general market,
although the more substantial gains were
made by gas issues, which added 2 to 3½
points to yesterday's advances. Profit-
taking ensued material recessions among
leaders soon after the opening. Liberty
bonds were steady.

United States Steel extended its ad-
vance during the noon hour and other
equipment were appreciably higher.
American Telephone hardened on removal
of its shares and Sumatra Tobacco re-
gained half its loss, but Louisville To-
bacco dropped another 5 points. Changes
otherwise were trivial.

Leaders were at their best later, but
reacted fractionally in the final hour.
The closing was strong. Liberty bonds,
3½s sold at 99.82 to 99.92; 4s at 99.10 to
99.14, and 4½s at 99.02 to 99.02.

GRAIN DEVELOPS
NEW STRENGTH

Chicago, July 31.—Corn developed fresh
strength today, influenced by the rapid
falling off in the movement in the lead-
ing terminal markets. Opening prices,
which ranged from the same as yester-
day's finish to ½¢ higher, with August
1½¢ and September 1½½¢, were
1½¢, were followed by a decided general
upturn.

Outs hardened with corn. After open-
ing ½¢ off to 1¢ up, with August 6½¢
and September 6½¢, prices scored moderate
gains.

Higher quotations on hogs gave
strength to provisions. The market was
also buoyantly affected by the firmness of
cereals.

The close was weak, ¼¢ net lower,
with August 1½½¢ and September
1½½¢.
